

Each year, members of Alumni Chapter come together in support of the Gamma Collegiates at The Ohio State University. We awarded 8 student scholarships, 10 grants to professional conferences and supported 12 new initiates this year. Our mission is to support the professional development of our student chapter. This year's theme of mentorship, brought together experts to help students apply for the many scholarships available. Your support allowed us to contribute to the Student's Professional Project concluded this spring. This student project mentored younger students in the neighboring Linden Area through 3 workshops planned by students. Money raised through the payment of dues as well as your support of our events and fundraisers allow us to contribute to these programs. 2024 is a conclave year, we hope to raise additional funds to support our representatives at the National Conclave in Minnesota. This fall. We hope you will join us for our annual Holiday Brunch and Action in November, Founders Day in February and our Spring Pot Luck and General Meeting in April. You may follow us on our website for details throughout the year.

*Please support us with the return of your annual dues, together we make a difference!*
